BRASS LION DISTILLERY

Brass Lion Distillery is Singapore's first full-fledged micro-distillery offering a selection of high-quality craft spirits using ingredients from the region. Inspired by the flourishing spice trade that made Singapore a trading hub in the 19th century, Brass Lion Distillery uses familiar Southeast Asian botanicals to create distinctive spirit creations that reflect Singapore's heritage as a cultural melting pot.

The debut offering, The Singapore Dry Gin, features 22 botanicals such as chrysanthemum, torch ginger flowers and pomelo peels. Distilled using a traditional 150L copper pot still, the gin presents floral and citrusy notes with a full-bodied mouthfeel.

The distillery itself is an experiential space, containing not only a manufacturing facility, but also a retail space, a gin garden, a tasting room and a R&D lab that also functions as Gin School.
